

10917 Spare Part Number

Description:
 Gearmotor with added parts-encoder

 ships with PN 53201 x 1 and PN 53104 x 1

Prior Number _____

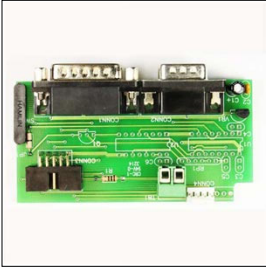

10944 Spare Part Number

Description:
 Hall Sensor PCB Assembly

Prior Number _____

10945 Spare Part Number

Description:
 Termination PCB Assembly - standard version

Prior Number _____

12050 Spare Part Number

Description:
 Load Cell Assembly- tested

Prior Number 20107

30903 Spare Part Number

Description:
 Disc Housing (top casting-shear type)

Prior Number _____

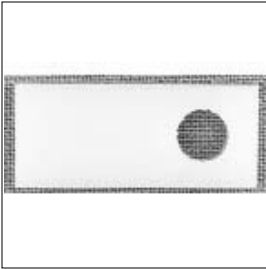

30906 Spare Part Number

Description:
 Steel Gear, 18 Teeth

Prior Number _____

30921 Spare Part Number

Description:
 Clevis (White Delrin)

Prior Number _____

30960 Spare Part Number

Description:
 Hopper Catch

 shipped with PN 84012 x 1

Prior Number _____

41253 Spare Part Number

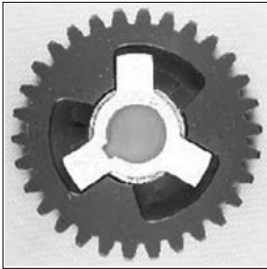

Description:
 Vane Type Level Switch Assembly-springless

 shipped with PN 86008 x 2

Prior Number _____

41255 Spare Part Number

Description:
 Nylatron 30 tooth gear ready to mount to drive shaft-with gear hub

Prior Number _____

41256 Spare Part Number

Description:
Weigh Hopper Assembly with magnet

Prior Number 40101

41257 Spare Part Number

Description:
Sample Collection Hopper Assembly

Prior Number _____

41280 Spare Part Number

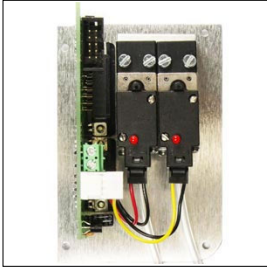

Description:
Actuator Assembly for Weigh Hopper without external spring

comes with actuator fitting (yellow) PN 51803A

Prior Number _____

41281 Spare Part Number

Description:
Termination Plate Assembly for load cell applications with PCB

Termination plate assembly is new version (2013)

Prior Number _____

41282 Spare Part Number

Description:
Hopper Switch Post Assembly

Prior Number 31311

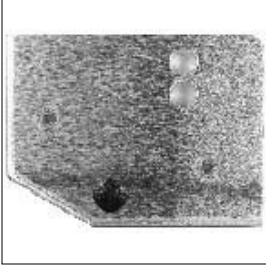

41294 Spare Part Number

Description:
Regulator with Brass Tee and fittings

Prior Number _____

41338 Spare Part Number

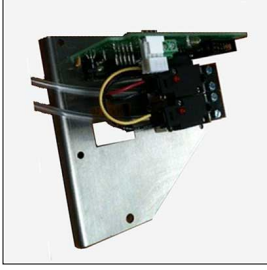

Description:
Termination Cover Assembly, no bump

this cover is flat. ships with PN 84014 x 2

Prior Number 41372

41363 Spare Part Number

Description:
Termination Plate Assembly for PET Systems

Prior Number _____

41372 Spare Part Number

Description:
Termination Area Cover Assembly with bump

this cover has a raised area for actuator, ships with PN 84014 x 2

Prior Number _____

45012 Spare Part Number

Description:
Level Sensing Capacitance Switch Assembly

Prior Number 90801

45043 Spare Part Number

Description:
Casting Bolt with spring, washer and red tee knob

Prior Number _____

52201 Spare Part Number

Description:
Solenoid Valve
Feeder Solenoid (2) for termination plate assembly
comes with gasket, gasket plate and 2 screws

Prior Number _____

53001 Spare Part Number

Description:
Ball Bearing
Supplied as a kit of two

Prior Number _____

53003 Spare Part Number

Description:
Plastic Flange Bearing,

Prior Number _____

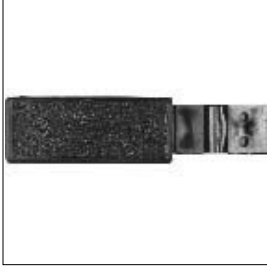

53105 Spare Part Number

Description:
Tapered Internal Retaining Ring For 68mm Bore
holds down ball bearings

Prior Number _____

53801 Spare Part Number

Description:
Draw Latch, Black
used on Sample Collection Hopper

Prior Number _____

53802 Spare Part Number

Description:
Two hole Keeper for Draw Latch, Black: single hole keeper no longer available
shipped with PN 83804 x 2, used on Sample Collection Hopper

Prior Number _____

53803 Spare Part Number

Description:
Latch, long bail light duty draw latch (metal) ZP

Prior Number _____

53804 Spare Part Number

Description:
Swell Latch

Prior Number _____

53806 Spare Part Number

Description:
Press-On Knob For M8, Red

Prior Number _____

54202 Spare Part Number

Description:
0-40psi Pressure Regulator

Prior Number _____

60119 Spare Part Number

Description:
GA Blend Chamber Interface PCB Assembly for Movable Stand

Prior Number _____

71607 Spare Part Number

Description:
Ultrasonic Sensor, 15volt DC in, PNP output, trainable, sensor only. Cable sold separately

Prior Number _____

71610 Spare Part Number

Description:
Ultrasonic sensor, 18 mm dia, , 15-30 Vdc, remote teach input comes with cable

Prior Number _____

73404 Spare Part Number

Description:
Optical Encoder

Prior Number _____

90901 Spare Part Number

Description:
Load Cell Cable

Prior Number _____

90902 Spare Part Number

Description:
Solenoid Valve Cable for dual solenoids

Prior Number _____

96201 Spare Part Number

Description:
Diverter Assembly with installed magnets

Prior Number 40103

96215 Spare Part Number

Description:
Diverter air cylinder with clevis and air fitting

comes with restrictor fitting (grey) PN 51803D

Prior Number _____

96403 Spare Part Number

Description:
Thumb Screw Assembly

Prior Number _____

96909 Spare Part Number

Description:

Disc Shaft Kit (2 snap rings and key included)

Prior Number 30909
